### **Spectacular new Ice Caves to visit**

Nigardsbreen glacier is an arm of the Jostedalbreen glacier, app. 1 - 1,5 hrs from Sogndal by the Sognefjord. You can go there by boat and/or bus from Bergen, Oslo and Flåm.

Maybe you remember that last year some fantastic ice caves were discovered under the glacier. Now there are some new spectacular ice caves to visit. The glacier is growing at a speed of app. 5 cm a day this time of the year and

the ice has a special blue color. It is a very special experience to visit in the winter.

#### Package deal

Jostedal Hotel and the company Fimbul Jostedal offers a package including accommodation and a guided tour to the ice caves.

Fimbul Jostedal also offers courses in Nordic Skiing and ice climbing.

#### **Troll-Trail from NOK 8.150,-**

Rondane - Lillehammer - 8 days / appr. 170 KM.

The Troll Trail offers excellent skiing terrain in magnificent surroundings.

The Troll Trail is a continuous marked ski trail, which passes through miles of untouched nature from Høvringen and the Rondane National Park in the north, via the mountains of Ringebu to Lillehammer - the Olympic Town - in the south. The Troll Trail is a tour trail with a large degree of variation, ideally suited for those wanting either long or short trips. The Troll Trail is normally marked from February 1th until after Easter. On certain parts the trail is prepared daily, on others only when necessary (after heavy snowfall/heavy winds).

Since the trail goes partly in high mountain areas, proper equipment and clothing is a necessity. We recommend skis with half steel-edges. For whom:

**MUST BE OVER AVERAGE FIT AND A GOOD SKIER**

### **Kirkenes SnowHotel - on the top of the World**

For the third winter in a row, Kirkenes SnowHotel would like to welcome you to spend a memorable night on the top of the World!

In the beautiful snow building there is the coolest SnowBar in Kirkenes, 20 SnowSuites and a SnowChapel. So if you are dreaming of a White Wedding, it can be arranged at Kirkenes SnowHotel. Due to a limitation of wedding ceremonies, it is good to prebook the SnowChapel. Please contact [anne@radius-kirkenes.com](mailto:anne@radius-kirkenes.com) regarding weddings.

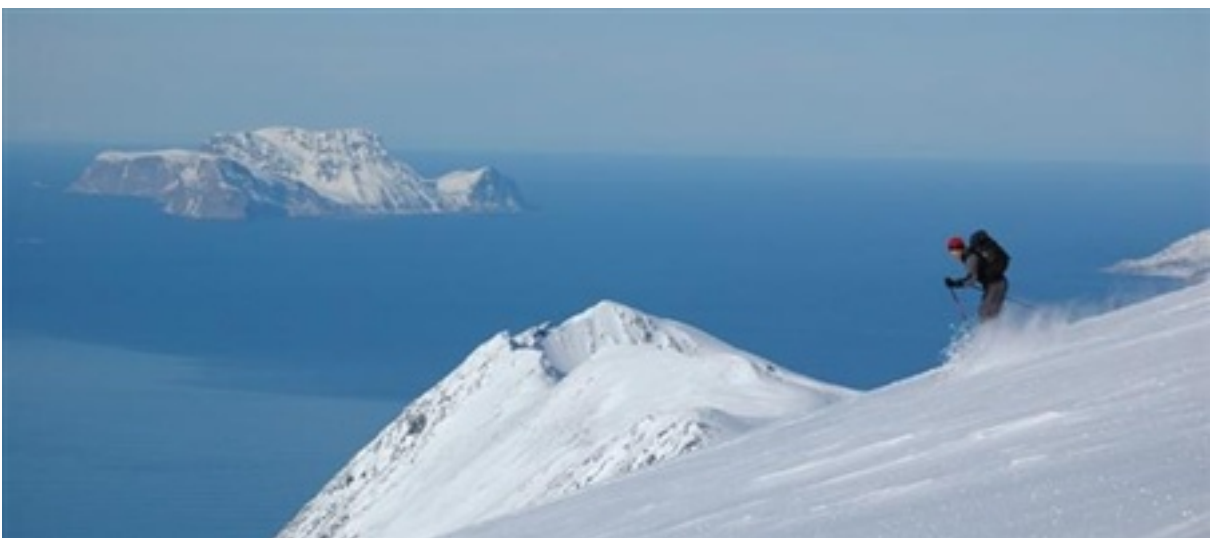

Sami Experience by the Kirkenes SnowHotel.

While the dinner is prepared by the open fireplace in Gabba restaurant, you have a chance to step in to sami teepee. There you can enjoy a presentation of the sami culture, relax by the fireplace, and hear joik singing.

Welcome to a real SnowBreak!

### **Sail Boat & Alpine Ski Touring Arctic Experience**

Duration: 7 or 8 nights

Timing: Departures from 28th February every Saturday through until the 9th May 2009

Starting & Finish: City of Tromso - Arctic Norway

This trip is based on a yacht which sets sail on a Saturday afternoon only to return one week later on the Saturday morning. The week is spent living the life of the yachty whilst at the same time climbing and descending a rich variety of wonderful powder filled slopes in the Lyngen Alps. The team is made up of 7/8 people, the skipper, the Mountain Guide and 6 very lucky people!

This is a truly magnificent experience, and based on the strength of a great team is a opportunity to take your arctic adventure to the next level.

### **Experience Winter Wonderland at Trysil's Radissonsas**

Norway's largest ski resort offers a feast of activities to satisfy the most adventurous and energetic visitors. Surrounded by majestic mountains, Trysil brings delights in the form of dog sledging, sleigh rides, ice fishing, torch-lit walks through the forests, snow scooter rides and excellent alpine and cross-country skiing. With 65 groomed ski slopes and 32 lifts, enjoy a variety of ski activities, both day and night. One of the longest prepared cross-country tracks in the area, measuring 100 km in length, starts at the hotel, while a 3-km long floodlit track caters for those who like to go skiing after dark.

Everything combines to make Trysil an adventurous destination. See more

### **LOFOTEN KAJAKK - approved by WWF since 1999**

Lofoten Kajakk is one of the first "Certified Eco Tourism" companies in Norway, and the WWF Arctic Program has approved our company's work since 1999. All our guides are Wilderness First Aid Approved and from the local area.

LOFOTEN KAJAKK offer outdoor activities in the Lofoten Islands. Our specialities include sea kayaking, skiing, snow-shoeing and rowing/sailing our traditional boats.

At 68° North in Norway, our archipelago is a paradise for sea kayaking. Lofoten Kajakk offers guided trips from 1 hour up to 10 days in groups up to 12 people (max 6 pr guide). The sea kayak season is all year round. Jan - May we do ski and snowshoe trips into the Lofotian Hinterland. Get a chance to see the animals you find in this quiet world. From the European Elk to the smallest mouse and from sparrows to the largest Sea Eagle; they can all be seen on our hikes. And as an added bonus, the northern lights sometimes
